

Equifax Data Breach 2017

Find out if you're affected, and what steps you can take to protect yourself.

"If you have a credit report, there's a good chance that you're one of the 143 million American consumers whose sensitive personal information was exposed in a data breach at Equifax, one of the nation's three major credit reporting agencies."

That's the beginning of an article from the Federal Trade Commission focused on the data breach of Equifax. The full article is at:
